

YOUNG MINDS SA

Unstoppable

Empowering young girls to challenge who society says they should be

Studies have shown that girls' confidence drops by 30% between the ages of 8-13. Our Program is aimed to try and provide girls with the education and tools to prevent this from happening.

Facilitated by a qualified counsellor with extensive experience working with children and young people. Small groups to allow for a valuable connection and personalised, interactive approach with plenty of opportunity to discuss personal scenarios.

Girls will have the opportunity to create and display their own artwork, demonstrating their learning from the program. The artwork will be displayed at an art exhibition later in the year. (No artistic skills necessary)
